ON BEHALF of THOUSANDS of PARENTS in the UK whose CHILDREN were SNATCHED

The gradual shock therapy I've gone through:

- As publisher of www.victims-unite.net I received gagging orders from
 - Swansea Council – about a mother whose baby was allergic to industrial milk
 - Doncaster Council – about the mother whose daughter was given to the abuse father
 - Haringey Council – about [the Musas – acknowledged to be the worst of all child snatching cases](#)ⁱ

More shocking cases in the mainstream media:

- [Child taken from womb by Caesarian then put into care](#)
- [Mum of six hit with bill – after children taken into care by Essex social services](#)

Experts are fake:

- [Scandal of 'unqualified' experts who advise our family courts: decisions about the care of thousands of children routinely flawed](#)ⁱⁱ

The deals between social workers and local judges

- ['It must never happen again': Appeal judge slams 'cut and paste' decision in family court which led to social workers taking baby from parents unjustly](#)ⁱⁱⁱ

The systemic issue:

- [10,000 children taken into care: Numbers have doubled in the past four years](#)^{iv} – April 2012

This list of 'grudges about the family court system' has been composed by the veteran of all helpers of parents whose children were taken: [Ian Josephs](#)^v, former local councillor in Kent, with a law degree from Oxford and a language school in Monaco. I am using it to illustrate what is behind the evidence that I have demonstrated in our petition to *Abolish Adoptions without Parental Consent*. Ian has published *Forced Adoption* as a book and website: www.forced-adoption.com

I re-published his site as www.PunishmentWithoutCrime.wordpress.com to focus on 'child snatching'^{vi}.

1. [What's unique in the UK:](#)^{vii}

- a. Gagging parents – and imprisonment for breaching a gagging order.
- b. Forced adoption – the consent of the parents is 'dispensed' with.
- c. Punishing parents and children by separating them even when no crimes have been committed.
- d. Taking children into care for risk and 'future' risk of 'emotional harm'.
- e. Gagging children and parents – in 'contact' sessions.

2. Using [Secret Family Courts](#)^{viii} to justify the snatching by Local Authorities – as government policy:

- a. Refusing parents leave to call witnesses in 'fair' and secret family court procedures.
- b. Choosing experts and refusing parents any say or having a second opinion – with 20% non-qualified.
- c. Branding parents as child abusers on the balance of probabilities – and even staging fraudulent trials.
- d. Refusing entry to the court to grandparents, step-parents and close relatives of the parents.
- e. One bruise, burn or fracture and the child is gone.

3. Lawyers advise clients to go along with social services even when adoptions are planned.

- a. Telling wives to split from their husbands (and vice versa) otherwise they will lose their children (when they intend to take the kids anyway).

The adoption industry:

- Only 4% of children in care get adopted.

One adoption agency, Foster Care Associates in 2003 showed the following:

- £56 Million Annual Turnover
- 8 Directors paid themselves £2.2 Million in fees
- The same Directors also paid themselves a staggering average of £285,000 each in pre tax profits.
